Report on the Implementation of the Supply Chain Management Policy: Okhahlamba Local Municipality

SECTION A

1. INTRODUCTION AND BACKGROUND INFORMATION

The Municipality approved its Supply Chain Management Policy on 18 May 2016. The effective date of the policy was 1 July 2016.

2. OBJECTIVE OF THE REPORT

The objective of this report is to comply with section 6 of the Supply Chain Management Regulations and Policy which reads as follows:

Section 6 of SCM Regulations and Policy: Oversight role of councilors reads:

The Accounting Officer must, within 10 days of the end of each quarter, submit a report on the Implementation of the Supply Chain Management Policy to the Mayor.

3. PERIOD

The report covers the period from 01 October 2016 to 31 December 2016.

Report on the Implementation of the Supply Chain Management Policy: Okhahlamba Local Municipality

SECTION B

1. SUPPLY CHAIN MANAGEMENT INSTITUTIONAL ARRANGEMENTS

1.1 Policy & Procedures Development & Implementation

The council developed its policy in line with the Supply Chain Management Regulations issued by National Treasury. The National Treasury developed a generic Supply Chain Management policy which was amended to suit the needs of the municipality. The policy was then presented to Council and adopted on 18 May 2016 with the effective date being 1 July 2016.

The Provincial Treasury regularly reviews the supply chain management policies of Municipalities in order to ensure that they comply with the relevant amendments to legislation. Changes to the policy will be made as and when required. The policy has been fully implemented.

1.2 Establishment of the Supply Chain Management Unit

Supply Chain Management has been centralized and resides within the Budget and Treasury Office.

The current structure is as follows:

Chief Financial Officer

Manager: Finance

Manager: SCM

SCM Accountant-vacant

SCM Officer

Report on the Implementation of the Supply Chain Management Policy: Okhahlamba Local Municipality

Contract Management Officer

SCM Practitioner x 2

SCM Clerks x2

Stores Dispatching Clerk x1

Store Receiving Clerk x1

Two positions are currently not filled. A Declaration Form in terms of Section 7 (2) (Schedule 1) for councilors and Section 5A(2) (Schedule 2) of the Municipal Systems Act No 32, 2000 has been circulated to all Bid Committee members and SCM officials to declare their interest and to be signed under Oaths, as well as to councilors. The forms has been completed and returned to SCM Officer by officials and councillors.

At the commencement of all bid committee meetings, members complete the attendance register and declare and undertake the following:-

- That all information, documentation and decisions regarding any matter at the disposal of the committee are kept **confidential** and an undertaking has been taken by the bid committee members not to make anything known in this regard.
- To treat all service providers and potential service providers equitably and will not purposefully favour or prejudice anybody.
- To make known details of any private or business interest he, she or any close family member, partner or associate may have in any proposed procurement or disposal of, or in any award or contract that they will immediately withdraw from participating in any matter whatsoever.

Challenges

The municipality faces budget constraints in having a fully-fledged structure as envisaged by legislation. The municipality also faces the challenge of retaining experienced staff.

Proposed Solution

Amending the SCM structure as and when funds become available. Payment of market related salaries.

Report on the Implementation of the Supply Chain Management Policy: Okhahlamba Local Municipality

1.3 Establishment of the Supply Chain Management Bid Committees

The Municipality has established the following bid committees:-

- Bid specification committee
- Bid evaluation committee
- Bid adjudication committee

Any possible conflicts of interest are declared at the commencement of all bid committee meetings.

Challenges

Timely sitting of the bid committee meetings and turnaround time.

Proposed Solution

Timeously issuing of agendas and the development of a time frame schedule. A turnaround time schedule for the various bid committees has been introduced which is being adhered as far as practically possible.

1.4 Implementation of MBDs Documents

All municipal bid documents (MBDs) are in place in compliance with MFMA Circulars and include specifications and evaluation criteria as recommended by the Specifications Committee and approved by the Accounting Officer.

Challenges

Service providers are completing all municipal bid documents but sometimes they mislead the municipality by providing incorrect information.

Proposed Solution

Report on the Implementation of the Supply Chain Management Policy: Okhahlamba Local Municipality

The municipality must get means to verify the status of the prospective service providers by getting an access to CIPRO that is now called Companies and Intellectual Property Commission (CIPC).

1.5 Establishment of Database of Suppliers/Service Providers

Currently the municipal supplier's database has been implemented and it is functioning well except that votes need to be linked to sectors. Adverts are placed annually in the most widely circulated newspapers in the municipality's area of jurisdiction inviting suppliers to register on the municipal database. Service providers may however register on the data base at any stage as there is no closing date for registration. The municipality has adopted the CSD which will allow / enable community based service providers to gain greater exposure.

Challenges

Due to the locality of the municipality, we do not always receive applications for a wide range of services.

Proposed Solution

SMME's workshops must be continuously undertaken in the municipality to ensure they incorporate with Supply Chain Management procurement processes and may learn how to align their businesses with the municipal daily needs. Service providers must align their categories/ sectors to those proposed on the IDP.

Continuous updating of the database.

1.6 Training of the SCM Unit and Bid Committees Members for the Local Content (MBD FORM 6.2)

It is required that SCM officials and SCM Bid committee members including end user departments must be trained for the Local Content (MBD FORM 6.2) in order for the municipality to comply as per the Department of Trade and Industry (DTI), CSD, e-tender and CIDB.

Challenges

Keeping abreast with the latest developments and legislation regarding supply chain management issues

Proposed Solution

Report on the Implementation of the Supply Chain Management Policy: Okhahlamba Local Municipality

It is compulsory that SCM officials and SCM Bid committee members be trained for the Local Content (MBD FORM 6.2) in order for the municipality to comply, CSD, e-tender and CIDB.

2. SUPPLY CHAIN MANAGEMENT PLANNING

2.1 Procurement Plan

The municipal departments have developed their annual procurement plans of which they must be linked to the annual budget, and be consolidated.

The Capital Budget Procurement Plan for three year appropriation for 2016/2017, 2017/2018 and 2018/2019 is now due.

Challenges

Sometimes departments procure goods and services which are not planned for. Constant improvements will be made to the plan as the municipality progresses with its implementation.

Proposed Solution

That the respective departments start preparing and implementing the procurement plans. Constant improvement, development and monitoring of the implementation of the Procurement plans.
